

Welcome page

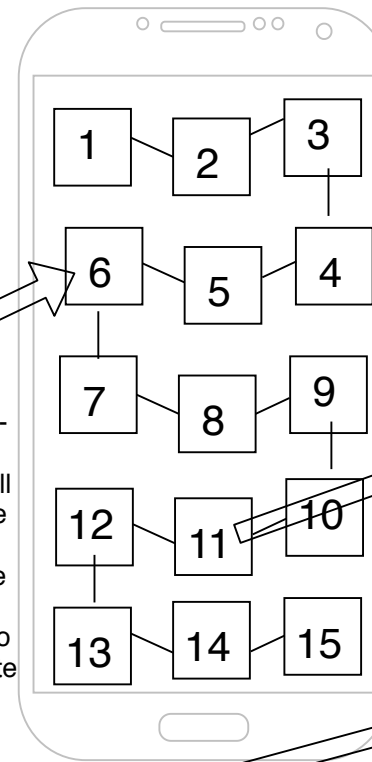

From welcome screen, user will click on PLAY and will be directed to log-in page

Creating user account or logging in with user's google account

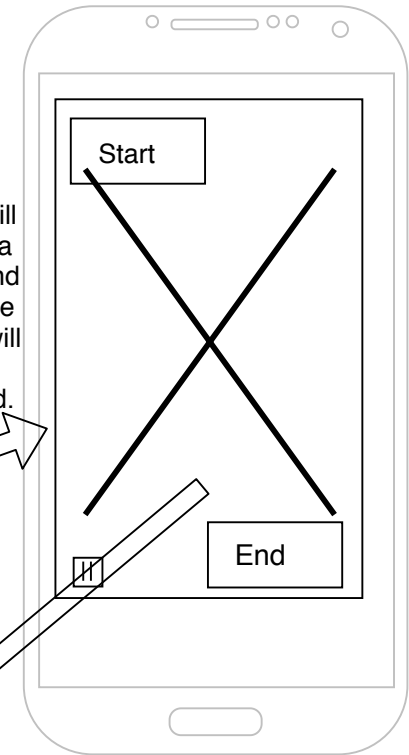

Once logged-in, the user will be able to choose which maze to complete

Level select page.Varying levels of difficulty.

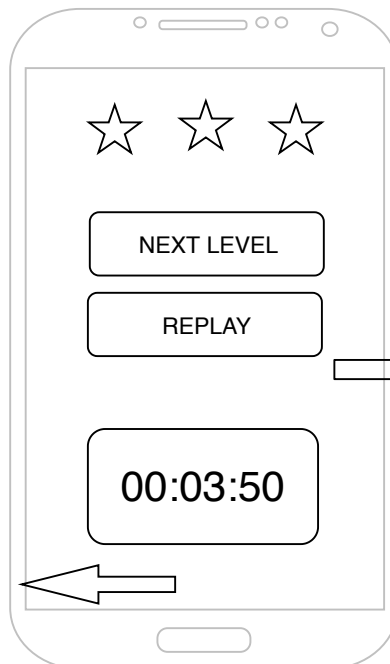

User will select a level and then the maze will be created.

Maze page with start and end. User also has ability to pause maze.

Completion page, with time stamp

If user clicks back arrow, they will go back to the level select page.

User will choose to play next level or replay current level.

If next is chosen it will go to next level automatically, otherwise it will recreate previous maze.

If user successfully completes the maze, they will be given the choice to replay or advance to next level.

If they choose to quit, they will be re-directed to the level select page.
